## LikeU2 uses their own In-Ear mixing console

This console needs a **one-on-one split** from the FOH feed to the channels in the list below.

Stereo outputs of our **backtrack TO the Front of House** available on our rack!  
Clicktrack is for the band only.

## LikeU2 needs the following on stage

### 220-230 V Outlets X

1 Microphone plus stand, with telescoping Boom. (guitarist).

1 Microphone stand with round foot (Main Vocals).

Drum microphones / stands/ cabling.

HDMI Video input when video is possible.

### During the show:

Guitarist needs light on his guitar (**no total dark scenes on his side**).

Vocalist can't handle smoke/ hazer device. **Please limit the use to a minimum.**
