1. GENERAL INFO

The Wanderers are a 5-piece 50's and 60's cover band.

2. LOCAL CREW

We need 2 sober and well rested stagehands to help us with load-in, set-up, break-down and load-out.

We need 1 sober and well rested audio engineer that knows the system and is willing to help our audio engineer

3. AUDIO

We will bring our own FOH audio technician to mix the show. He will use his own console for FOH and monitors. We will bring our own sennheiser G4 IEM system. We will provide all the mics, we only need some stands and cabling (XLR and Power)

4. IEM FREQUENCIES

We use a sennheiser G4 wireless IEM system. If we need to use specific frequencies, please let us know at least 48 hours before the gig.

System specs:

2x Sennheiser G4 B band

2x Sennheiser G4 A band

1x Sennheiser G3 B band

5. AUDIO, WHAT WE NEED FROM YOU

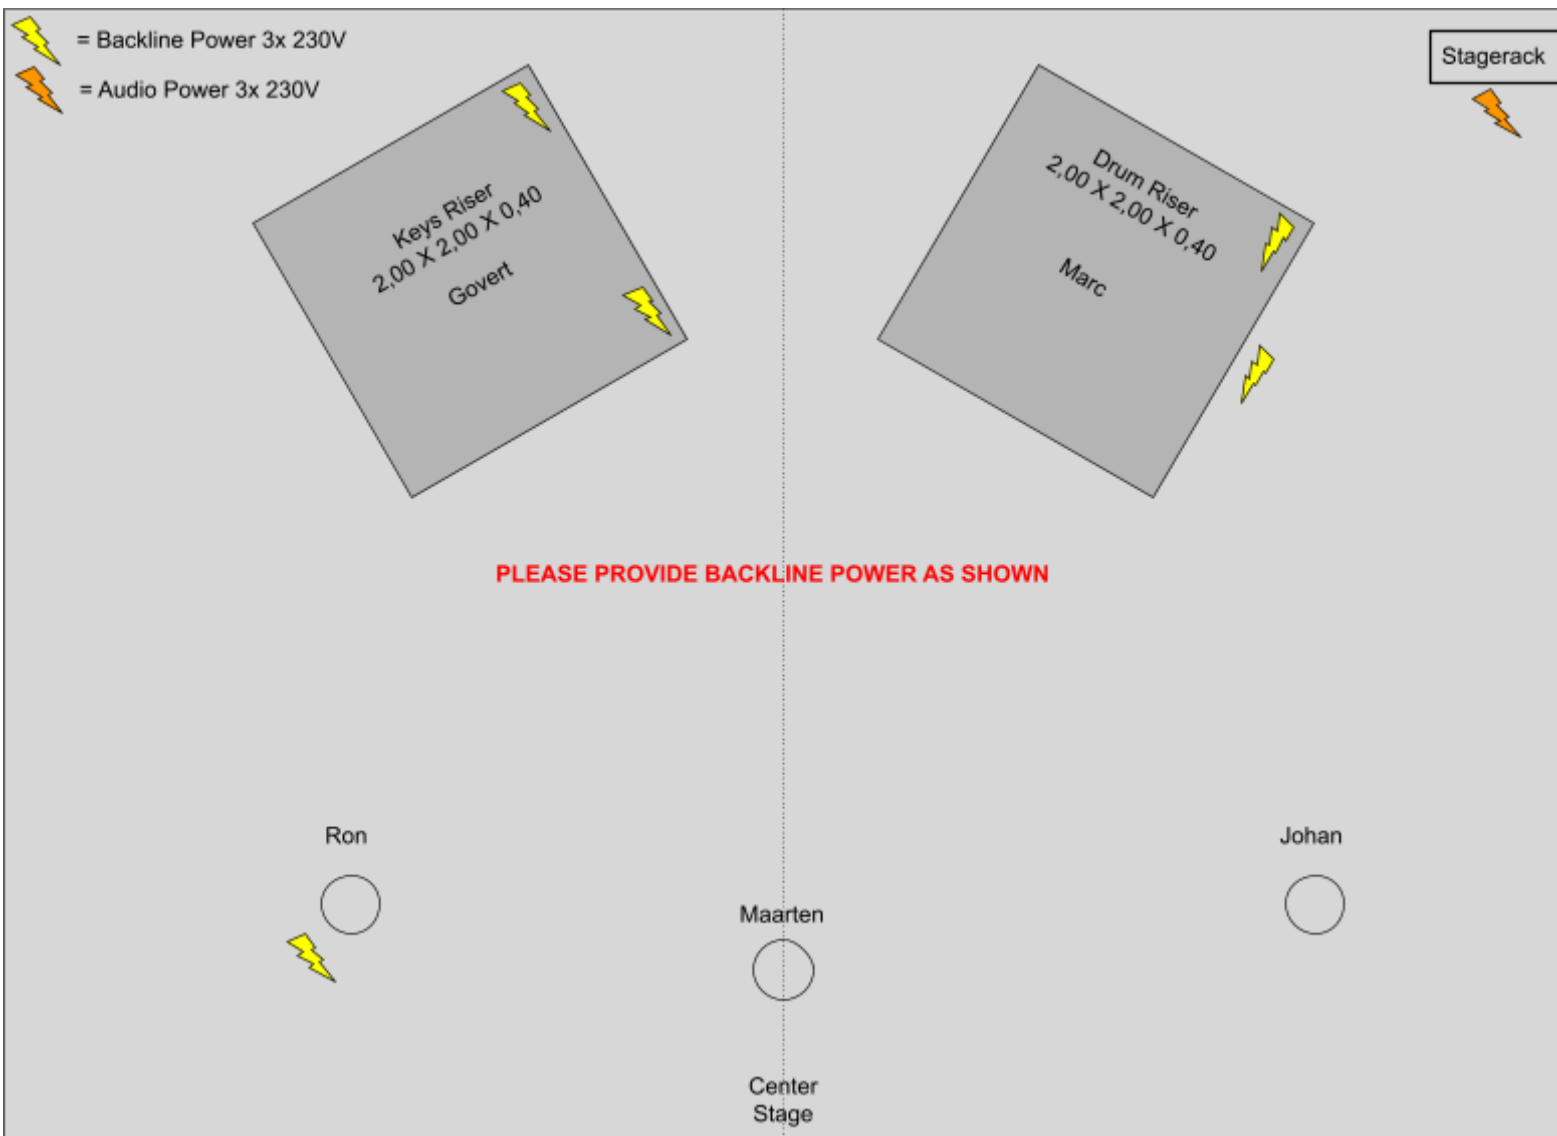

- A professional PA system that can provide sufficient sound pressure and dispersion, depending on the dimensions of the room and the amount of audience standing and/or sitting.
 - Preferably one of the following brands or equivalent:
 - D&B
 - Meyer Sound
 - Adamson
- Two (2) UTP lines from stage (stage left) to FOH. Minimaal CAT5e max 75m.
 - One for stagebox to mixer and one for router at FOH to access point on stage.
- Microphone Stands - 1x small for bass drum, 2x medium for ambient, 1x high for antenna
- Backline Power

6. LIGHT AND SPECIAL FX

We will not bring a light technician. We prefer someone that is known with the music we play and knows how to rock 'n roll!

Please don't use any hazer or fog machine during the show.

7. STAGEPLAN

8. BACKLINE

We will bring our own backline, because of endorsement deals we only play on our own backline and we don't prefer to share our backline.
